# elegancy of craftmanship

The products in the Quba family are based on an upholstered shell with an elegant quilting where the quilt design on the seat and back are a reflection of each other. The simple looking upholstered shell is very comfortable even though it is produced with only a thin layer of foam.

Quba chair, providing great comfort and quality is a new form of lightness and timeless design with its recognizable characteristic seat seams and metal bases. It comes through in any environment with its quilted effect that draws high attention to the upholstery work which is a proof of genuine craftsmanship.
